

WORKSHOP

Optus Theatre
CSIRO Land and Water
Clunies Ross Street, Black Mountain, Canberra ACT

Organised by:
University of New South Wales, CRC for Catchment Hydrology
Forest Science Centre, New South Wales State Forests

Workshop objectives and scope

The aim of the meeting is to bring together scientists and forest managers to discuss recent developments in the understanding of forest catchment behaviour and management. This workshop follows on the 'Erosion in Forests' Workshop held in Bermagui, NSW (March 1997) and the 'Forest Management for Water Quality and Quantity' workshop held in Warburton, Victoria, (May 1999). These workshops have proved to be a very successful forum for discussing key issues of forest management. Presentations will be held on the 23 and 25 March 2004 and a field excursion will be organised for the 24 March 2004. The field excursion will visit the burnt forest area at the western side of Canberra and plantation forestry sites of NSW State Forests near Tumut.

WORKSHOP TOPICS

During the workshop four major key themes will be discussed, with a keynote presentation on each of the themes. The key themes are:

Forest Hydrology

Keynote speaker: Prof Rob Vertessy, Director of the CRC for Catchment Hydrology

Sediment Delivery and Water Quality

Keynote speaker: Prof Emmett O'Loughlin, Hydrology Consultant, and Founding Director of the CRC for Catchment Hydrology

Fire Management

Keynote speaker: Dr Jim Gould, Research Leader, Bushfire Behaviour and Management, CSIRO Forestry and Forest Products

Sustainable Forestry

Keynote speaker: Prof Peter Kanowski, School of Resources, Environment and Society, Australian National University

REGISTRATION AND PAYMENT

The full registration fee is \$385 (or \$435 including dinner - see details on page 2). Students can register for the workshop for only \$100 (or \$150 including dinner) - a copy of your student I.D. card must be provided with registration. The registration fee includes morning and afternoon tea, lunch, the field excursion and the workshop proceedings. The total number of people who can attend the excursion is limited so register early to avoid disappointment.

To register please fill out the attached registration form at the end of this flyer and fax or mail to the CRC for Catchment Hydrology Centre Office by 20 February 2004

PRESENTATIONS AND PAPERS

Paper presentations related to workshop topics are invited. Please indicate on the registration form if you would like to present a paper. The time interval for the presentations will be 15 minutes, plus 5 minutes discussion. If you would like to present a paper, you must first submit an abstract.

Abstracts

Please submit an abstract of about 100-250 words outlining your paper, before the 16 January 2004.

NOTE: Please resubmit your abstract if you had already submitted an abstract before.

If your paper is accepted for a presentation, we would like to get a short paper for the workshop proceedings and your final paper by 5 March 2004. The proceedings will be handed out at the start of the workshop.

Instructions for Papers

Please download paper format and an example here:

http://www.catchment.crc.org.au/downloads/forest_workshop_guidelines.zip

Please submit final papers by 5 March 2004.

Email or Post abstracts and final papers to:

Email: workshop@ge.adfa.edu.au

Note: please type 'Forest Management Workshop Paper (or Abstract)' in the Subject field.

Post:

CRC for Catchment Hydrology

Department of Civil Engineering
Monash University
Clayton Campus
Vic 3800

WORKSHOP DINNER

On 23 March a workshop dinner will be held at University House - ANU, Cnr Blamain Cr & Liversidge St, Acton. Attendance to the dinner is optional and will cost an additional \$50. Please indicate whether you would like to attend the dinner on the Registration form.

ACCOMMODATION:

Workshop participants are asked to book a hotel room themselves. The most convenient would be to book accommodation at University House: <http://www.anu.edu.au/unihouse/>

Other accommodation possibilities can be found at <http://www.canberratourism.com.au>

SUMMARY OF DEADLINES:

Submission of abstracts:	16 January 2004
Distribution of further information including the program:	13 February 2004
Registration and payment:	20 February 2004
Submission of papers:	5 March 2004

FURTHER INFORMATION:

Up-to-date information including the final program, will be available in the Events and News sections of the CRC for Catchment Hydrology web site <http://www.catchment.crc.org.au>
